

The following table shows the results of the regression analysis for the dependent variable  $\ln Y$  (ln of the dependent variable) for the years 1990, 1995, 2000, and 2005. The table is divided into four columns: 1990, 1995, 2000, and 2005. The rows represent the independent variables:  $\ln X$ ,  $\ln Z$ ,  $\ln W$ , and  $\ln V$ . The coefficients are shown in parentheses, and the t-statistics are shown in brackets. The R-squared value is shown in the last row.
